The Continuing Professional Development Programme for Practising Dentists

The current cycle of “Continuing Professional Development (CPD) Programme for Practising Dentists” continues to be on a voluntary basis.

Length of the CPD cycle

The current CPD cycle is of 3 years, starting on 1 January 2017 and ending on 31 December 2019.

Target participants

All registered dentists, as well as those deemed to be registered but excluding those on the overseas list, are welcomed to enrol in the CPD Programme.

The CPD Programme

The CPD Programme is based on a “credit point system” with CPD points awarded for participation in recognized CPD activities. A minimum of 45 CPD points have to be accumulated during this 3-year cycle. Details of the Programme are set out in the guidelines at Annex I.

Dentists who have already enrolled in the CPD Programme of the previous cycle are not required to enrol again. However, should they decide not to participate in the CPD Programme or wish to change to another Programme Administrator, they should inform their existing Programme Administrator so that arrangement can be made accordingly. For new enrollees who intend to join the CPD Programme, they should enrol with ONE of the CPD Programme Administrators accredited by the Council. CPD points will be awarded for CPD activities completed during the cycle. The CPD Programme Administrators are responsible for vetting, documenting and calculating the CPD scores for dentists enrolled with them. The Programme Administrators will have their own fee structure for their service.

CPD points are awarded for local CPD activities conducted by accredited CPD Programme Providers and overseas activities organized by pre-approved list of overseas dental organizations and the pre-approved regular overseas meetings/conference (list of pre-approved overseas dental organizations and regular meetings/conference to be issued in due course). Additional organizations may be accredited as CPD Programme Providers, and the updated list of CPD Programme Providers is published on the website of the Dental Council at www.dchk.org.hk. For local CPD activities, CPD points will NOT be awarded for activities organized by organizations other than the accredited Full CPD Programme Providers or in partnership with one of the Full CPD Programme Providers. Direct approach to the CPD Programme Accreditors for accreditation of activities organised by non-CPD Programme Providers is not allowed.

In order that the CPD Programme Accreditors have the opportunity to evaluate the content of the activities to be accredited, CPD Programme Providers should seek accreditation of their activities prior to the conduct of the activities and not after. CPD Programme Accreditors should refrain from giving retrospective accreditation unless under very exceptional circumstances and which should be reported to the Dental Council in their regular reviews.

Dentists enrolled in local CPD Programme are required to sign the standard attendance forms (sample at Appendix IVa and Appendix IVb of Annex I for Speakers/Chairpersons and Participants respectively) for each CPD activity. On completion of the activities, CPD Providers shall forward the completed attendance forms to the 3 CPD Administrators for recording of CPD points, and issue attendance certificates to the dentists concerned for retention. If for any reasons a participating dentist has not signed the attendance form, he should forward a copy of his attendance certificate to his CPD Administrator directly for recording purpose. For dentists who wish to apply for award of CPD points for the enrolled overseas CPD programmes, he/she can complete the application form at Appendix VI of Annex I and submit to the enrolled CPD Programme Administrator.

Use of personal data for dissemination of CPD programme materials

The CPD Programme Administrator will pass the names and addresses of new enrollees to the CPD Programme Providers for use in dissemination of CPD programme materials, unless the enrollees have informed their Programme Administrators to the contrary.

Dentists who have not joined the CPD Programme but wish to receive information on CPD activities may make a request to the Dental Council by completing the attached proforma at Annex II, in which case the Council will provide their names and addresses to the CPD Programme Providers for use in dissemination of CPD programme materials.

Dentists who have not enrolled in the CPD Programme or have not forwarded the consent proforma to the Dental Council may also receive CPD programme materials from professional bodies or institutes which have included their names in their distribution lists (e.g. as members of the institute or former participants of its CME/CPD activities).

Dentists already enrolled in the CPD Programme need not complete the proforma as their data have already been passed to the accredited CPD Programme Providers.

Review of the CPD Programme

The effectiveness and acceptability of the overall CPD Programme will be reviewed by the Dental Council on an annual basis.

Enquiries

Enquiries on the CPD Programme should be directed to the respective CPD Programme Administrators. Where necessary, the Programme Administrators would contact the Dental Council for advice.

THE DENTAL COUNCIL OF HONG KONG

**Principles and Guidelines on
Continuing Professional Development (CPD) Programme for Practising Dentists**

1. Purpose

The purpose of the CPD Programme for Practising Dentists is to encourage dentists to keep themselves up-to-date about current development in knowledge and skills in various fields of professional practice with an aim to maintaining quality professional practice.

2. Supervision of the Programme

- (a) The Dental Council of Hong Kong has approved a certification programme of CPD for practising dentists. This programme is based on a “Credit Point System” with credit points awarded for participation in CPD activities. A Certificate of Continuing Professional Development is awarded to enrolled dentists after successful completion of CPD assessment within a cycle.
- (b) A CPD Committee has been appointed by the Dental Council to carry out the executive functions of implementing the CPD Programme.
- (c) For accreditation by the CPD Committee, local CPD activities such as symposia, conferences, scientific meetings, panel discussion, workshop etc. have to be organized by the accredited Full CPD Programme Providers (list at Appendix I) conducted by specialists or experts related to the field and overseas CPD activities have to be provided by the approved list of overseas dental organizations or be on the list of pre-approved regular overseas meetings/conference (lists will be provided later). There may be individual local CPD activity not provided by the accredited CPD Programme Providers. Organizers of these activities are required to *seek partnership* with any of the Full CPD Programme Providers, otherwise, such activities will not be accredited and participants will not be awarded with CPD points by the accredited CPD Programme Accreditors (list at Appendix II).
- (d) Upon having sought partnership with the Full CPD Programme Providers, regularly held activities of dentist-groups with attendance of a minimum of 5 dentists will be recognized as CPD activities. These include journal meetings, case presentations, X-ray meetings, clinical pathological meetings, audio-visual viewing sessions and invited talks/presentations.
- (e) A dentist should enrol with only ONE CPD Programme Administrator (list at Appendix III) at any one time. He can carry forward his earned CPD credit points from one CPD Programme Administrator to another CPD Programme Administrator in case he elects to make such a change. The former CPD Programme Administrator should provide necessary documentary evidence to the dentist concerned to facilitate his registration with the new Programme Administrator upon request.
- (f) Dentists enrolled in the CPD Programme are required to sign on the standard attendance forms (sample at Appendix IVa and IVb for Speakers/Chairpersons and Participants respectively) as provided by Full CPD Programme Providers for each CPD activity. On completion of the activities, Full CPD Programme Providers shall forward the completed attendance forms to the 3 CPD Programme Administrators for recording of

CPD points, and issue attendance certificates to the dentists concerned for their retention. If for any reasons a participating dentist has not signed in the attendance form, he should forward a copy of his attendance certificate to the CPD Administrator direct for recording purpose.

- (g) For dentists who wish to apply for award of CPD points for attending overseas dental activities, he/she should complete and submit the application form at Appendix VI to the respective CPD Programme Administrator.
- (h) The following persons will be regarded as having met the CPD requirement of the Dental Council –
 - (i) All registered dentists who have fulfilled CME/CPD requirements as set out by the Hong Kong Academy of Medicine; and
