List of Dentists who have Met the Continuing Professional Development (CPD) Requirements Set by the Dental Council (2008-2010)

The Dental Council's Continuing Professional Development (CPD) Programme for Practising Dentists, which is on a voluntary basis and aims to maintain quality professional practice by encouraging dentists to keep themselves up-to-date about current development in knowledge and skills in various fields of professional practice, started on 1 January 2008 and ended on 31 December 2010.

All registered dentists who had attained at least 45 CPD points as at 31 December 2010 are each awarded a CPD Certificate (持續專業發展証書) by the Dental Council. The Certificate can be displayed inside dentists' practice. Upon the award of the Certificate, dentists concerned are allowed to include in their visiting cards and letterheads the title "CPD-certified (valid up to 31/12/2010)" or in Chinese "持續專業發展達標認證(有效期至 31/12/2010)".

A total of 890 dentists had been granted the CPD Certificate and the use of the title "CPD-certified (valid up to 31/12/2010)" on their visiting cards and letterheads as at 1 January 2011 and their names are as follows :-
